A Vision for Worlabby

"Worlabby will maintain its character as a rural village with an active, integrated community with strong links to the Lincolnshire Wolds and the Ancholme Valley."

Residents' comments on Objectives:

Extend the village envelope to provide for new housing to meet local needs
Farm buildings would make an ideal farm shop and tea rooms
Plant trees on Top Road and near Grangefield to enhance the village

There is a bias towards new developments.

Please no large housing developments to satisfy the needs of the few

The village is big enough. There is room for minor growth only

Must not be any large estates – only small scale housing

Very small development of new homes that provide benefit to the village – preferably infill

Many statements may conflict with each other. Worlaby must remain a defined rural village

Would like to see how the school parking problem can be solved – a car park for example.

This is an excellent plan but what about school parking which is needed to improve safety

Would like to see more about solving school parking problem - a car park for example

What is meant by 'integrated' in the Vision?

More information needed on objectives 3, 4, 6 and 7

What is meant by desire-line routes in objective 5?

People need the right to access the River Ancholme now the Ancholme Way is being built

Access to countryside to include access to Ancholme Valley Way footpath

Ensure continued access via Carr Lane to the River Ancholme
